Positive extraction controls 2012-2013 batch type and date (002).xlsx; Notice 2022-00333 Item 1.pdf;

Dear Jo, Bruce and Kirsty

My sincere apologies for sending this information through so late, but I thought given that we had received it I should pass it on.

It is the data from 2012-2013 with the batch type and if my excel skills are up to scratch I think it bears out the issue relating to the Multiprobe extractions.

Also attached is some information relevant to the data request, provided by Alan McNevin.

Kind regards

Laura
